

AMENDMENTS TO THE CLAIMS

Claims 1 – 20 (canceled).

Claim 21 (previously presented): A plastic container, which comprises:  
a hollow body of plastic material having a lower supporting base, a  
sidewall extending upwardly from the lower base, and an upper portion extending  
upwardly from the sidewall and consisting of a top wall, said top wall including two  
openings spaced from each other, wherein the sidewall includes at least three inwardly  
depressed channels extending at least in part along the sidewall of the container which are  
spaced from each other, each at least in part having a wavy configuration;  
two label panels spaced from each other, one on the top wall between the  
two openings and one on the sidewall; and  
an integral handle at least in part on the sidewall.

Claim 22 (currently amended): A container according to Claim 21, wherein  
said container has an essentially rectangular configuration, ~~with~~ and the sidewall consists  
of two opposed relatively larger sidewall sections and two opposed relatively smaller  
sidewall sections.

SN 10/769,829  
Case 04-200

Claim 23 (currently amended): A container according to Claim 22, wherein at least one of said sidewall ~~section~~ sections is relatively flat so that the container may be supported on said flat sidewall section.

Claim 24 (previously presented): A container according to Claim 21, wherein said top wall extends essentially perpendicular to said sidewall.

Claim 25 (currently amended): A container according to Claim 22, wherein ~~the~~ said sidewall sections are connected by rounded corners.

Claim 26 (previously presented): A container according to Claim 21, wherein at least one of said channels extends from the sidewall onto the lower base.

Claim 27 (previously presented): A container according to Claim 21, wherein at least one of said channels completely and continuously circumscribes the sidewall.

SN 10/769,829  
Case 04-200

Claim 28 (currently amended): A container according to Claim 21 22,  
wherein at least two of said channels extend continuously along at least three of said  
sidewall sections.

Claim 29 (currently amended): A container according to Claim 22, wherein  
one of said label panels is located on a one of said relatively smaller sidewall ~~section~~  
sections.

Claim 30 (currently amended): A container according to Claim 22, wherein  
the handle is located on a one of said relatively smaller sidewall ~~section~~ sections.

Claim 31 (currently amended): A container according to Claim 30, wherein  
the handle is located on a one of said relatively smaller sidewall ~~section~~ sections adjacent  
a label panel.

Claim 32 (currently amended): A container according to Claim 22, wherein  
at least one of said channels extends continuously over said two relatively larger sidewall  
sections and one relatively smaller sidewall section.

SN 10/769,829  
Case 04-200

Claim 33 (previously presented): A container according to Claim 22,  
wherein said container is a blow molded plastic container with a capacity of at least one  
gallon.

Claim 34 (previously presented): A container according to Claim 22,  
wherein said container is a blow molded plastic container with a capacity of at least two  
gallons.
